

### **Content Delivery**

Both 2-D and 3-D Content delivers Tuesday, November 18th in your delivery windows. Theaters that had a sneak preview on Saturday, November 15<sup>th</sup> have already received their content.

KDM effective dates for all sites:

3-D KDM's: 12:01 AM Tuesday, November 18th

2-D KDM's: 12:01 AM Wednesday, November 19th

KDMs will be valid for two weeks expiring Dec. 5th at 3:00 AM

Please QC as soon as possible. Do not wait until the last minute.

### **Projector Settings**

**Bolt is a FLAT Feature (1.85).**

Please make sure your system is set up to play BOLT at 1998 x 1080.

This is the first Disney 3-D title at 1998 x 1080, previous titles have been 1920 x 1038.

**Please make sure you set your projector to 1998 x 1080.**

Please check with your integrator or manufacturer if you do not know how to set up your system properly. If you need help, or do not know who to contact, please call:

Technicolor Digital Cinema  
1-800-99-FILMS option 2

### **Framing Chart**

Make sure your staff is using the correct framing chart, so that the entire area (1998) is visible:

CORRECT FRAMING CHART: BOLT 3-D FRAMING CHART VERSION 4

INCORRECT CHART: Disney Digital 3-D Framing Chart (any version). The correct chart will arrive at sneak locations on a thumb drive or DVD.

When building your Show Playlist, please play all 2-D content first and then all 3-D content.

If you have a Real-D system, there will be a "3-D Recycle Your Glasses Card" on your hard drive. Please program this card, after the "3-D Put on your Glasses Card".

Policy Trailers need to be in the 2-D portion of the playlist

\*\*\*ESPECIALLY AT ACCESS IT SITES\*\* (or there will be artifacts)

Policy trailers mastered in 2-D must be in the 2-D portion of the playlist.

### **Light Levels**

BOLT has been timed to 4.5 fL. Please make sure your light levels are maintained at 3.5 - 5.5 fL. Please minimize all ambient light.

### **Quality Control**

We encourage early QC of 2-D and 3-D Content. DO NOT WAIT UNTIL THE LAST MINUTE TO QC.

**Once QC has been successful please call TDC at 1-800-99-FILMS to confirm QC.**

Please QC on every screen as soon as possible. This allows us the maximum time to resolve any problems before opening day.

### **Glasses Delivery**

Glasses will arrive no later than Tuesday, November 18, 2008 during your delivery window.

There will only be one glasses allocation from Disney for Bolt.

Reorders are the theater's responsibility. For Real-D and MasterImage glasses re-orders call TDC at 1800-99-FILMS option 2.

Please check inventories like they are a concession item. Do not wait until the last minute to reorder.

Please give TDC at least three days notice.

### **New Disney 3-D Web Site**

<http://digitalcinema.disney.com/>

We have created a website so that materials may be accessed at your convenience. A picture of the Framing Chart, Projection Specification Information, Projector Settings, contact names and numbers are provided.

### **Late Installs**

Installs completed after the close of business Monday night 11/17/08, will require technicians to be present in the booth for QC: all shows Friday, all shows Saturday and all shows Sunday. This criteria does not pertain to any theaters that have previously installed 3-D systems. Sunday shows will not require a technician if all projectionists have been thoroughly and properly trained by close of business Saturday night.

### **Problems**

If your theater experiences a problem with your digital equipment or content please follow your theater protocol and please conference in Technicolor Digital Cinema so they are aware of this problem.

Technicolor Digital Cinema  
1-800-99-FILMS option 2

If you are not receiving a copy of the issues for your circuit, please contact Deborah Hess at [Deborah.Hess@thomson.net](mailto:Deborah.Hess@thomson.net).
