## Toy Story & Toy Story 2 3D Framing Chart

The supplied hard drive contains the Toy Story & Toy Story 2 3D Framing Chart.

Please note the correct file name:

**Toy-Story1-2-Framing-Tech-V6.0\_F\_EN-XX\_51\_2K\_DI\_20090921\_TDC\_i3D.**

The color insert letter included in this case has the incorrect file name listed.

Please project the chart on your screen and follow the framing instructions. It is very important that you use the Toy Story & Toy Story 2 3D Framing Chart to confirm your masking, light level, color, focus, and sound configuration. The chart may be programmed multiple times to make the correct adjustments. We recommend that this chart be used everyday before your first scheduled show.

Please contact Technicolor Digital Cinema at 1-800-99-FILMS with any questions or comments.

## Toy Story Introductions and Intermissions

There are two introduction files and two intermission files on your enclosed hard drive. The introductions either reference a **5 minute intermission** or a **10 minute intermission**. Both introductions are 58 seconds in length. If you program an intermission, please be sure to program the proper introduction that corresponds with the correct duration of the intermission (either **5 minutes** or **10 minutes**).

### Introductions:

If you chose to play the 5 minute intermission, please make sure to program the introduction that informs the audience that there will be a 5 minute intermission.
